Work

Senior Research Assistant

August 2020-Present

Federal Reserve Reserve Board, Washington DC

- Support economists in every stage of the research process; designing effective data pipelines, creating compelling visualizations and web applications, and working with advanced econometric models
- Debug and optimize R, Stata, and Matlab code for speed, accuracy, and effectiveness, coordinating both with high proficiency technical analysts and middle-to-low proficiency domain experts and economists
- Generate visualizations, factcheck exhibits, and rapidly iterate while meeting tight deadlines to assist division in generating Monetary Policy Strategies Report

Peer Tutor

January–May 2020

Economics Department, Colgate University

- Supported over 50 students in two class sections in their economics education by holding regular office hours and scheduling and holding individualized tutoring sessions

Data Intern

August–December 2019

Data Science Collaboratory, Colgate University

- Developed R Shiny web applications for use by researchers without training in statistics or data analytics
- Collaborated with team to consult on and conduct data analyses for researchers who requested assistance from Collaboratory

Private Equity Data Research Intern

June–August 2019

Burgiss, Hoboken, New Jersey

- Analyzed quarterly reports, audited financials, and other financial documents from private equity firms to collect key fund and holding-level data
- Designed and ran a case study testing the operational efficiency gain generated by a software under consideration by the firm. Conducted surveys, used R to analyze original data, and coordinated closely with entity research team to produce a report given to head of data operations
- Studied and presented on the topic of Opportunity Zones and their relevance to investors

Research Intern

February–May 2019

The Hamilton Project at the Brookings Institution, Washington, DC

- Used Stata to clean and transform CPS microdata and generate figures on topics including social program use by individual characteristics, labor force participation, and unionization
- Collected, cleaned, and transformed administrative and economic data from HHS, USDA, CRS, and other agencies using Excel in order to generate publication-quality figures for inclusion in edited volume *Recession Ready*
- Copy-edited and fact-checked academic papers, economic analyses, and organization blog posts

Co-author, Research Assistant

December 2017–December 2018

Independent Research with Russian Studies Scholar Nancy Ries, Colgate University

- Authored chapter in book on transnational organized crime, money laundering, and corruption, especially as it relates to post-Soviet states and the United States
- Reviewed, organized, and summarized sources including law enforcement documents and journalist accounts
